# Help the welcome work

An expression of interest for people who can host, guide, coordinate and contribute.

## Proposed roles

Arrival hosts; participant routing; school and embassy liaison support; programme runners; communications and content; memory project support; data reconciliation; and selected Green Badge support roles.

## What to tell us

Your interest, relevant experience, availability and the type of role you would like to discuss. Start through the general enquiry route without sending identity documents or sensitive personal information.

## Before a role is assigned

The organising team must agree eligibility, selection, responsibilities, shifts, induction, supervision, escalation, expenses or support and appropriate permissions. An expression of interest is not an appointment.

## Green Badge preparation

Care roles require a separate selection, training and supervision process. A Green Badge signals listening and guidance; it does not authorise diagnosis, treatment or unsupervised crisis response.

## Working together

Each role needs a named lead, clear task, start and finish, briefing and debrief. Follow the agreed safeguarding and incident procedures, respect personal information and direct problems to the appropriate lead.

## Next step

The festival closes on Africa Day, 25 May 2027. The festival dates are confirmed as 23-25 May 2027; venue and staffing windows remain to be agreed. Contact the organisers to discuss where you could contribute.
